

Sri ANNA RAO GANAMUKHI.—In which area? There are different rates in different areas.

Sri J. P. SARWESH.—For all the three areas.

Sri ANNA RAO GANAMUKHI.—It will take a long time. I have got a long list. If he wants for any particular area, I will answer the same.

Sri J. P. SARWESH.—For Hyderabad Karnataka area.

Sri ANNA RAO GANAMUKHI.—For high schools Rs. 16 per month; for middle schools Rs. 13; primary first year Rs. 4; second year Rs. 6; third year Rs. 8; for the fourth year Rs. 10; Boarding at Rs. 15 per month for 10½ months.

Sri C. J. MUCKANNAPPA.—For Arts and Science Colleges, S.C. boys are 972 and girls are 58; S.T. boys are 26 and girl only one. May I know whether there are no girls in Scheduled Tribes we have just come forward to study in these colleges? Why is there only one girl? In view of this only one singular instance, will the Government seriously consider whether more facilities should be given to the girls to come forward and study?

Sri ANNA RAO GANAMUKHI.—That can be done only after compulsion is introduced.

Sri M. RAMAPPA.—Will the Government please consider the question of introducing compulsory primary education at least for Harijans?

Sri ANNA RAO GANAMUKHI.—For all we are introducing from the year 1961-62.

Sri G. VENKATAI GOWDA.—If the Hon'ble Minister sees the figures, out of the primary school going students, 20 per cent would go to the middle school. May I know what steps have Government taken to see that all the students go from the primary to the middle school?

Sri ANNA RAO GANAMUKHI.—That happens with each and every community. It is not confined to Harijans only. Sometimes wastage takes place. Sometimes stagnation takes place.

A.—**Sri ANNA RAO GANAMUKHI** (Minister for Education).—

(a), (b), (c) and (d); The monuments referred to in clause (a) are under the control of the Department of Archaeology of the Government of India. Hence this Government is not in possession of the information on the various points referred to in the question.

Sri MAHMOOD SHARIFF.—Is it not a fact that the amount given by the Central Government is disbursed through our Government?

†**Sri ANNA RAO GANAMUKHI.**—I do not think it passes through our Department.

†**Smt. GRACE TUCKER.**—With reference to this question, we had referred to the Central Government, Department of Archaeology, and I hear

that the replies have just now been received. May I study and give full answers to-morrow?

Mr. SPEAKER.—All right. I will hold over the question.

Sri C. J. MUCKANNAPPA.—The Minister is not aware of the information and the Deputy Minister is in possession of the information. What...

Completion of Drinking Water Supply Scheme in Banavara, Arsikere Taluk.

*Q.—333. **Sri A. R. KARISIDDAPPA** (Arsikere).—

Will the Government be pleased to state :—

(a) when the drinking water supply scheme was sanctioned to Banavara in Arsikere Taluk ;

(b) the reasons for not completing the same till now ?

A.—**Sri T. SUBRAMANYA** (Minister for Law, Labour and Local Self-Government).—

(a) In December 1952.

(b) As the supply was found to be inadequate, the estimate has been subsequently revised and the question of finding funds for meeting the enhanced cost of the work is under consideration by the Municipal Council, Banavara.

Sri A. R. KARISIDDAPPA.—Sir, the scheme was sanctioned in 1952. May I know the estimate of the scheme when it was sanctioned ?

†**Sri T. SUBRAMANYA.**—At that time it was Rs. 80,000.

Sri A. R. KARISIDDAPPA.—May I know when it was taken up for revision ?

Sri T. SUBRAMANYA.—Immediately afterwards when the population increased to 5,000 a different estimate was prepared and the Municipality was

found that it was not in a position to finance the entire amount.

Sri A. R. KARISIDDAPPA.—It has taken 8 years for the Government to get the revised estimate and when was the revised estimate accepted by the Municipality ?

Sri T. SUBRAMANYA.—Sir, it has not taken 8 years for the Government to get the revised estimate ready. It has taken 8 years for the Municipality to get themselves qualified for the sanction of the loan.

Sri A. R. KARISIDDAPPA.—Has not the Municipality applied for the loan ?

Sri T. SUBRAMANYA.—Yes, Sir. Even when we give a loan, we test the capacity of the Municipality to repay the loan.

Sri A. R. KARISIDDAPPA.—Is it not a fact that the Municipality has increased its income to pay the loan back ?

Sri T. SUBRAMANYA.—Sir, it has been calculated that it would cost nearly about Rs. 31,940 for the Municipality not only to repay the loan and interest but also to meet their maintenance charges. The resolution of the Municipality says that they would be able to earmark 10,000 from octroi, 8,000 from water cess. Therefore, they have to make up another 10 or 12 thousand rupees before they were able to get this scheme sanctioned.

Sri A. R. KARISIDDAPPA.—Since 8 years they have been asking for drinking water supply. Will the Government consider this and sanction this scheme for Banavar Town ?

Sri T. SUBRAMANYA.—Sir, I have made the position of Government very clear. The moment they are able to earmark about 31,000 and show marginal amount that would be left over after the expenditure, Government will sanction the scheme.

Mr. SPEAKER.—Question No. 355. I think, this question has been discussed sufficiently.

†**Sri K. F. PATIL** (Minister for Forest and Transport).—I can only say that Government is reviewing the whole position in view of the sentiments expressed by the Members of this House regarding the rates.
